wine & spirits

transportation

Our

international freight forwarding

teams are recognized for their high level of professionalism, expertise and dedication to the shipment of wine, spirits, other beverages and the specificities of each market:

- from general to specific
- from consolidation to full container
- from regular to event-linked (*"Beaujolais Nouveau", Vinexpo exhibition, etc.*)

Our **team of experts** is constantly reinforced with training & careful recruitment. Our aim is to offer you the **best expertise** and technical support as well as **reactivity** in a changing market.

We have the experience and the knowledge required for the shipment of high-value goods and our services are always carried out in conformity with the applicable regulatory requirements.
